The General Provisions on the reverse side of this form, and any Special Provisions, are incorporated by reference into this permit and are as fully binding upon the permittee as if they had appeared on the face of this permit. This permit is void or invalid if the General Provisions and Special Provisions are omitted from the reverse side of this form or are not attached.

**THIS PERMIT IS VALID OVER STATE ROADS:** All state highways, when used in conjunction with toll road travel, within 15 miles to or from the permitted Toll Gate (permits are Gate specific), but excluding: all Interstate Highways and Indiana Harbor Canal Lift Bridges. This permit is NOT valid with a special weight permit.

This permit is valid only for transporting commodities under the company name shown above, and if signed by both an authorized company owner or officer, and driver. The driver's signature attests to the fact that the description of the vehicle and load is accurate and that the General Provisions and any Special Provisions have been read and understood by the driver.

Under the penalty of perjury, I have examined this permit, and to the best of my knowledge and belief, it is true, complete and correct. I also understand that all provisions of the Toll Road Gate Permit Application apply in full force.

**Indiana Department of Revenue**  
**Provisions of the M-233T**  
**Toll Road Gate Permit**

**Special Provisions**

- (1) The permitted vehicle must be on a trip utilizing the designated state roads in conjunction with Indiana Toll Road Travel and must comply with the Indiana Toll Road Regulations.
- (2) This permit does not cover license or other registration requirements.
- (3) This permit is valid only when the gate number shown on the permit represents the Indiana Toll Road entry or exit location nearest to the origin or designation of the permitted vehicle.
- (4) General Provision #6 does not apply to permitted vehicles having an overwidth condition of 10 feet or less.

**General Provisions**

- (1) An overwidth vehicle and load must be marked on the front and rear with a sign reading "oversize load". The sign must be at least 18 inches high, and between 6 feet to 8 feet long. The letters must be black, 12 inches high, with a 2 inch stroke on yellow background. Officially approved color combinations or wording approved by other states will be permitted when the trip originates outside Indiana. The permitted vehicle must have its low beam headlights lighted while transporting an oversize load.
- (2) An overwidth vehicle and/or load must be marked with six (6) red flags. One of these will be placed as near to each corner of the vehicle and/or load as possible, and one will be placed on each side at the widest point. These flags must be in good condition, plain red with no figures, a minimum of 18 inches square, and must be placed so that they can be seen clearly by approaching traffic.
- (3) The operator of the permitted vehicle and load must be at least 18 years of age and hold a valid commercial driver's license.
- (4) The driver of the permitted vehicle and/or load, or person in direct charge of transporting such object, will have the permit in his possession during the progress of transportation, and will show said permit, on demand, to any police officer or authorized employee of the State of Indiana.
- (5) The mover and/or owner of the vehicle and/or load will be held responsible in the event that it is necessary to remove any buildings, railings, or other structures from the highway. In the event that any buildings, railings, or other structures are damaged, the cost of the removal and/or damage will be borne by the permit applicant.
- (6) An overwidth vehicle must be operated on state highways between one-half hour before sunrise and one-half hour after sunset Monday through Friday, and from one-half hour before sunrise to noon on Saturdays. The permitted vehicle must not be operated on state highways on Saturdays after 12:00 noon, Sundays, or during the period beginning at 12:00 noon on the last weekday preceding and continuing until sunrise on the day following: New Years Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas.
- (7) Flagmen, in compliance with the provisions of the Indiana Manual on Uniform Traffic Control Devices, will be provided by the transporting company at all locations needing such traffic control. Locations requiring flagmen include, but are not limited to, encroachment into opposing traffic lanes and stops or blockage of traffic at locations where stops are not normally required by existing traffic control devices.
- (8) The permitted oversize vehicle whose dimensions exceed 8 feet 6 inches wide, 13 feet 6 inches high, and/or 80 feet long must not be operated at a speed in excess of 45 miles per hour.
- (9) The permitted vehicle and/or load must at no time block traffic from the use of the highway, nor will equipment, load or object be loaded or unloaded within the travelway, nor will vehicle or object be permitted to be parked either day or night on the shoulder or right-of-way.
- (10) The permitted vehicle and load are not to be operated during the existence of hazardous weather, road, and traffic conditions, and/or when visibility is less than 500 feet. Oversize loads will not be operated at any time when wind velocity exceeds 25 miles per hour.
- (11) This permit does not apply to any state roads or bridges that are closed for construction purposes, or to any roads or bridges that are posted for gross load limit and/or any structures, wires, etc., having a restricted height clearance that will not clear said load; or to any county roads or city streets.
- (12) This permit is issued to the tractor designated on the reverse side of this form. It may not be utilized in conjunction with any other tractor. The permit must be maintained in the permitted vehicle. Any violation of this permit will automatically cause the permit to be void, and upon violation, any police officer or motor carrier inspector will have the authority to withdraw the permit. Operation without a valid permit will result in the issuance of citations for violation of applicable statutes.
- (13) All transporting vehicles must meet all safety requirements as set forth in Title 49, CFR (Code of Federal Regulations).
